Re: DPM 871  
(P-38 & P-691)

Dear Sir:

This letter is in response to your request for a Material Safety Data Sheet (MSDS), OSHA Form #20, or its equivalent for the above referenced products manufactured by Permacel, an Avery International Company.

Pursuant to the Federal OSHA regulation 1910.1200 Hazard Communication, Permacel tape products do not meet the criteria to be classified a hazardous material. In view of this, no MSDS is available.

Permacel tape products are industrial tapes and should not be applied to the body or used for medical or surgical purposes.

If you wish to keep a record of this judgment, place this letter in your MSDS file.

I trust this response is satisfactory. However, if I may be of further assistance, please call (201) 524-5497.

Sincerely,

Permacel

Regina R. Brown  
Manager, Safety and Health
